

Civic Champs is an easy-to-use volunteer management platform that makes hour tracking, digital waivers, and scheduling easier than ever for nonprofits and their volunteers. We increase volunteer capacity by 3x while helping to create delightful volunteer experiences so nonprofits can more easily recruit, retain, and convert volunteers. Our award-winning mobile app has been recognized by IDEO and the Bill & Melinda Gates Foundation. Civic Champs was also selected for Techcrunch Startup Battlefield and is a Techstars portfolio company.

Civic Champs works with nonprofits of all sizes across more than 20+ states, including animal shelters, food pantries, ALS Association, Habitat for Humanity, United Way, and Boys & Girls Club.
